Dear Representative:

I am writing you today to address the concerns of millions of Americans having been denied access to attend our various houses of worship during the covid lockdown. Worship is spiritual and physical healing and should be respected as would a hospital or clinic. Designating a hardware store as essential above the church was not only wrong but illegal!

The 1st Amendment states: Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof, or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

Our Unalienable Rights were violated by prohibiting our freedom to exercise our religion and to peaceably assemble at church. Unalienable Rights cannot be taken away by anyone on earth but did happen from a CDC directive!

I am requesting you introduce a Bill limiting the powers of the CDC that cannot include places of worship or the assembly of worshippers. It's time to reign in their powers by codifying their overreach.

Thank you for your prompt attention to this matter.

"The only thing necessary for the triumph of evil is for good men to do nothing."

Edmund Burke

Sincerely,
