Dear Representative:

I am writing you today to request a Congressional Inquiry/hearing be made into the events surrounding the January 6th protest that occurred at the Capitol. I further request the above hearing be telecasted live across the nation on one of the major networks.

The propaganda and misinformation that have been fabricated are hurting our country and its citizens and will continue to do so until the facts are uncovered and made public.

It's time to learn the truth about:

- What groups were involved that breached the Capitol?
- Whether any of those groups had intended to overthrow the government (insurrection), or just to impede the election certification?
- Identify the laws that were violated.
- Were any law enforcement agencies embedded in with the protestors?
- Was Nancy Pelosi's January 6th hearing legal since ranking members were denied a seat, and no defense was allowed to refute her claims? What information was kept from the public and what distortions were released? Was her aim solely political?
- Who was Ray Epps, what was his role, and why wasn't he arrested for inciting a riot?
- Has the Department of Justice acted in accordance with the law and in the spirit of the investigation unbiasedly?
- Have the current persons under arrest been treated fairly and with due process?

Thank you for your prompt attention to this matter.

Sincerely,
